Place the link, today we use Samsung S9 thread.

- Can be accessed through

<https://www.kaskus.co.id/thread/5a95587b162ec2970e8b4567>

Click at the plus button, then click select.

The screenshot shows the ParseHub web interface. On the left, the 'Commands' panel is visible with a 'main_template' section containing a 'Select page (1)' command. A red arrow points to a plus button next to this command. A tooltip explains: 'Targets one or more elements for a command (auto-extracts data if possible)'. Below the plus button is a 'New Select Command' button. The main content area displays a forum page from kaskus.co.id. A dark overlay with a grid of selection targets is shown, with a red arrow pointing to the 'Select' button. The grid includes options for 'Relative Select' and 'Click'. At the bottom, there's a 'Got Data' button and a 'Visuals enabled' toggle.

Change the commands name to "Page1"

The screenshot shows the ParseHub web interface. On the left sidebar, under the 'Commands' tab, a list of commands is shown for the 'main_template'. The command 'Select Page1' is highlighted with a red arrow. Below it are 'Extract name' and 'Extract url'. The 'Settings' tab shows 'Selection Node' set to 'All elements with class nickname' and a 'Wait up to' value of 60 seconds. A 'Get Data' button is at the bottom of the sidebar.

The main content area displays a forum thread from kaskus.co.id. The thread title is 'Ikutan nunggu gan' and it was posted by 'kotaknih'. The content discusses a Samsung S9+ and a cashback offer. Below the main post is a quote from 'Raiserszz' with the same text. The thread is dated 27.02.2018 21:33.

At the bottom, there is a section for 'CSV/Excel' and 'JSON' data formats. The JSON output is shown as an array of objects, each containing 'name' and 'url' for the 'galaxys9' product. A 'Visuals enabled' checkbox is also present.

Click the plus button and choose relative select.

The screenshot shows the ParseHub web application interface. A red arrow points to the 'Relative Select' option in the 'Select' dropdown menu. The interface includes a sidebar with 'Commands' and 'Settings' tabs, a main content area with a list of items, and a bottom section for data export and visualization.

ParseHub Interface Components:

- Header:** ParseHub File Edit View History Bookmarks Tools Window Help
- Address Bar:** Samsung Galaxy S9 | S9+ Th...
https://www.kaskus.co.id/thread/5e95587b162ec2970...
- Navigation:** Home > Projects > * kaskus.co.id Project
- Commands:** Select page, Select Page1 (20), Extract name, Extract url
- Settings:** Selection Node: Edit, All elements with class riokname, Wait up to 60 seconds for elements to appear.
- Main Content:** Double tap % to view all ParseHub hotkeys. Original Post, Ikutan nuna, Jack 1jt, 250rb dari aplikasi Samsung Gift Indonesia, al kt ambil s9+ nanti kt tinggal bayar 11.749.000?
- Footer:** CSV/Excel, JSON, CSV/Excel Wide (beta), Get Data, API, Tutorials, Contact

Relative Select Option:

Attach already-selected elements to related elements (auto-extracts data if possible). Good for grouping different fields together in your data.

If all of the data needed is collected, then click the “download” button

The screenshot shows the ParseHub web interface in a browser. The main content area displays the Kaskus forum page for the thread "Official Lounge Samsung Galaxy S9 | S9+ The Camera. Reimagined". On the left sidebar, there's a "Download Data" section with buttons for "CSV/Excel", "JSON", and "API". Below it, "Run Details" show the status as "complete" with 200 pages collected. At the bottom, there's a "Settings" section with various options like "URL", "Starting Template", and "Load Javascript".

A modal window titled "Opening run_results.csv" is open in the center. It contains the following text:

You have chosen to open:
run_results.csv
which is: Comma Separated Spreadsheet (.csv) (404 KB)
from: https://www.parsehub.com

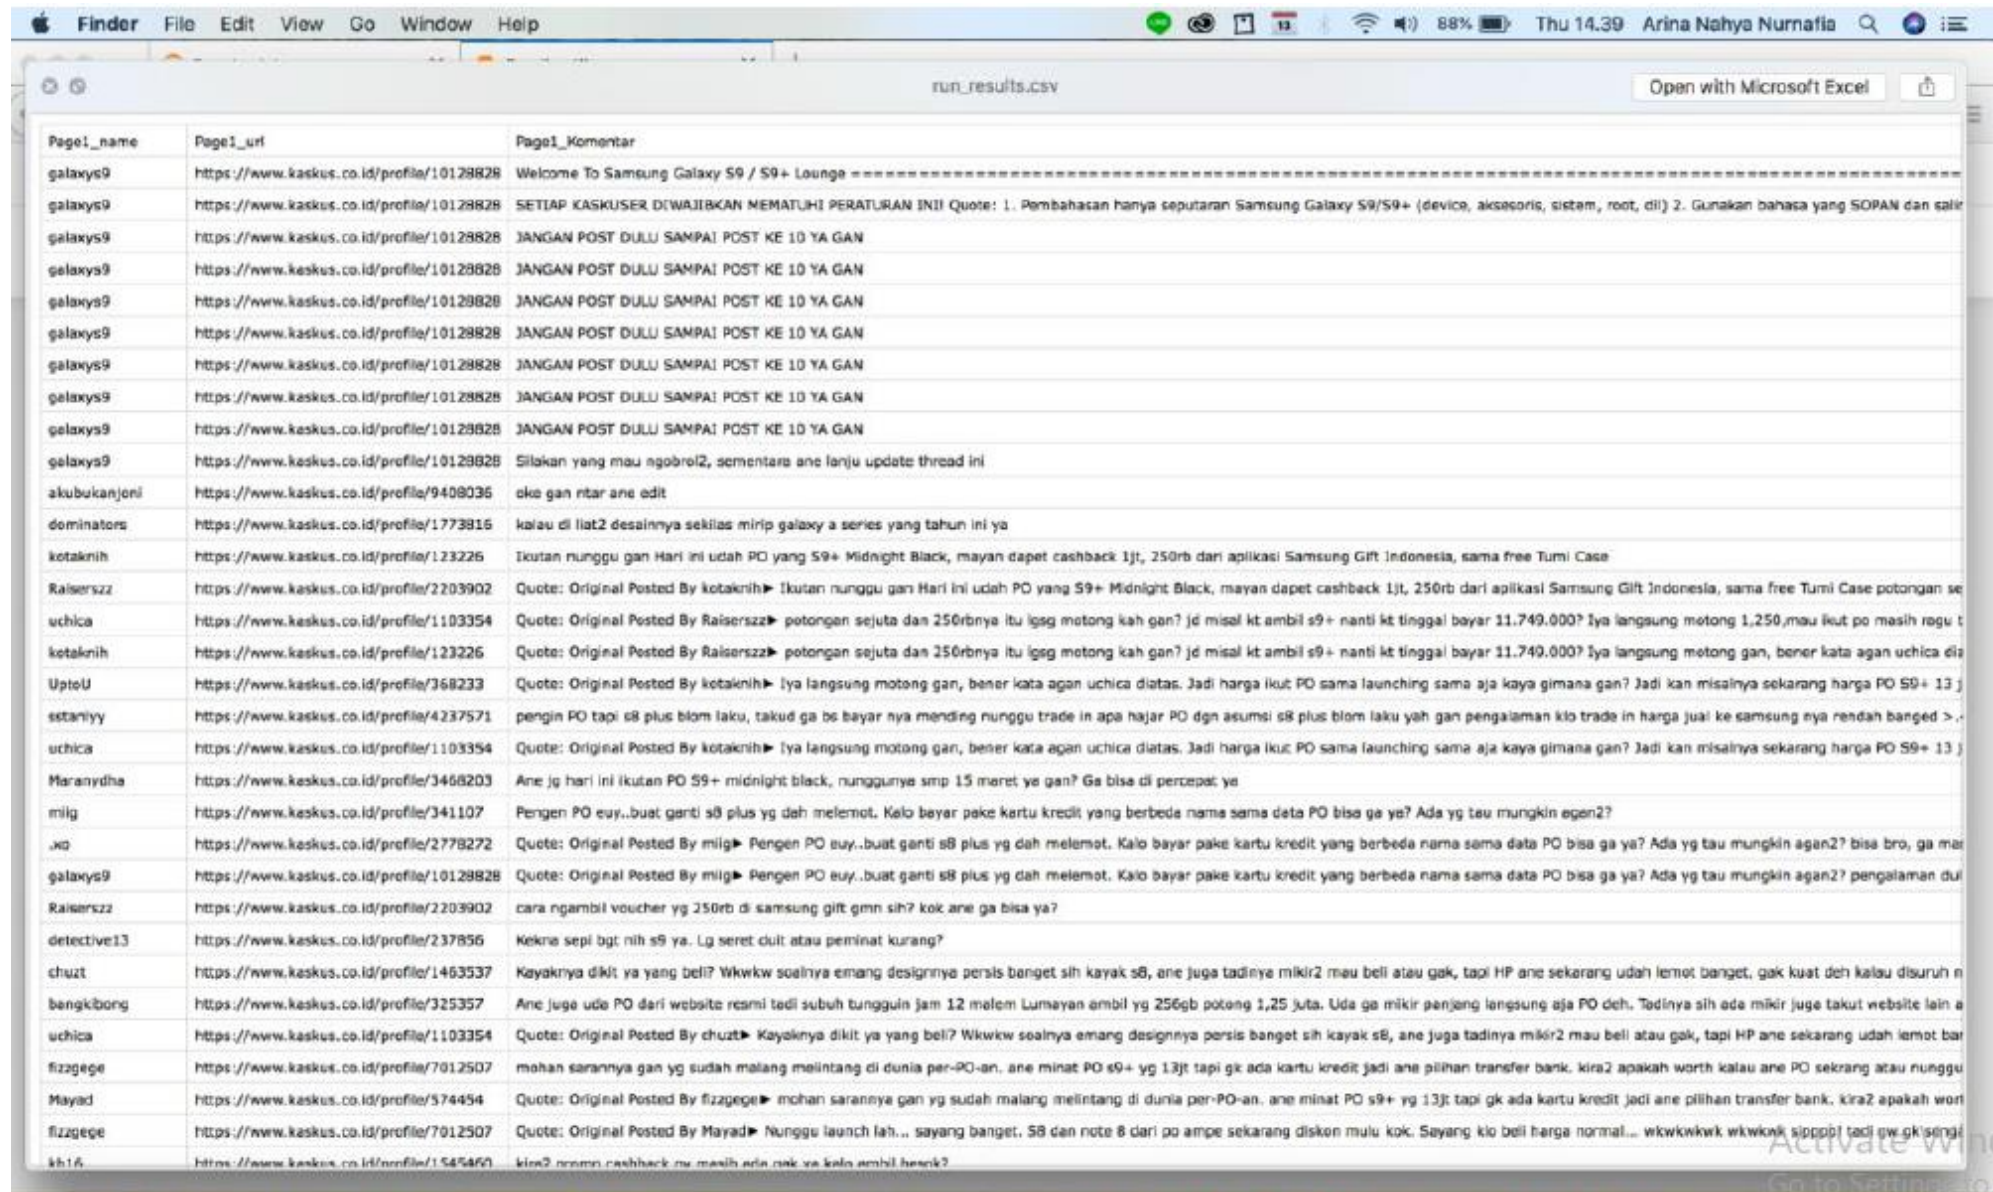

What should ParseHub do with this file?

- ☒ Open with Microsoft Excel (default)
- ☐ Save File
- ☐ Do this automatically for files like this from now on.

Buttons for "Cancel" and "OK" are at the bottom of the modal.

At the bottom of the ParseHub interface, there's a footer with links for "API", "Tutorials", and "Contact".

Saved in CSV format.

The screenshot shows a Mac Finder window titled 'run_results.csv'. The window contains a table with three columns: 'Page1_name', 'Page1_url', and 'Page1_Komentar'. The table lists various users and their comments related to Samsung Galaxy S9/S9+.

Raiserszz	https://www.kaskus.co.id/profile/2203902	cara ngambil voucher yg 250rb di samsung gift gmn sih? kok ane ga bisa ya?
detective13	https://www.kaskus.co.id/profile/237856	Keknia sepi bgt nih s9 ya. Lg seret dult atau peminat kurang?
chuzt	https://www.kaskus.co.id/profile/1463537	Kayaknya dikit ya yang beli? Wkwkw soalnya emang desigannya persis banget sih kayak s8, ane juga tadinya mikir2 mau beli atau gak, tapi HP ane sekarang udah lemot banget, gak kuat deh kalau disuruh n
bengkibong	https://www.kaskus.co.id/profile/325357	Ane juga ude PO dari website resmi tadi subuh tungguin jam 12 melem Lumayan ambil yg 256gb potong 1,25 juta. Uda ga mikir panjang langsung aja PO deh. Tadinya sih ada mikir jg takut website lain a
